Product Specification – Mushroom Popcorn

1. Product Information:

Item	Description
Product Name	Mushroom Popcorn
Product Code	**SUFL7504**
Grade	Cleaned at origin
Botanical Name	*Zea mays Everta*
Country of Origin	South Africa
Country of Processing	South Africa
GMO Free	We herewith confirm that the product we supply to you has been produced without the use of genetically modified organisms and/or any products derived from such organisms.

2. Organoleptic Properties:

Item	Description
Appearance	Corn kernels with a hard glossy outer surface
Colour	Yellow
Aroma / Flavour	Characteristic odour and flavour

3. Physical Properties:

Criteria	Maximum Tolerance
Moisture	14.5 %
Count	50 – 55 kernels per 10 gms
Expansion	32/34 per 1 kernel
Mushroom popping rate	80/85% + per weight
Insect damaged	0.1% per weight
Broken kernels	o.1% per weight
EVM	5 per 25 kg
Stones*	2 per 25 kg
Mudballs	2 per 25 kg.1
Cereal grains	2 per 25 kg
*stone >2.2mm - could break a tooth, grit <2.2mm - digestible & unlikely to cause any injury	
As a natural product no guarantee of 100% purity can be given. It is the responsibility of the buyer to ensure the specification meets the requirements of the intended application. Should a higher level of purity be required please discuss your requirements as further processing is available within Europe. The above information is based on our current state of knowledge and experience following detailed inspections and analysis. The data, however, does not represent a legally binding warranty, as certain variations in colour and/or other values and further quality fluctuations from seasonality, incorrect transportation and/or improper storage outside our sphere of influence cannot be excluded; hence the purchaser is not exempt from undertaking their own tests and investigations.	

4. Microbiological Properties:

Criteria	Range
Yeast	$<10^4$ cfu/g
Mould	$<10^4$ cfu/g
Salmonella spp.	Absent in 25g

E. Coli	< 20 cfu/g
These values are provided only as a guidance and should not be taken as an absolute value. They are subject to change. Within the UK and EU No 2073/2005, microbiological standards are not applicable to dry pulses, cereals and grains due to low moisture content and intended use. The product shall be further processed before consumption.	

5. Nutritional Value (per 100g):

Criteria	Value
Energy	1527 kJ / 365 kcal
Fat	4.74 g
Of which saturates	0.667 g
Carbohydrates	74.26 g
Of which sugars	0.64 g
Dietary Fibres	7.3 g
Protein	9.42 g
Salt	0.09 g
These values are provided only as a guidance. *Database source: USDA Database 0014, Corn grain, yellow*. Please ensure consumer package labelling complies with UK / EU Regulation 1169/2011 - Food Info to consumer	

6. Allergens:

Allergen	Potential presence (Yes/No)
Cereals containing gluten (wheat, rye, barley, oats, spelt, kamut)	NO
Crustaceans & products thereof	NO
Egg & products thereof	NO
Fish & products thereof	NO
Peanuts & products thereof	NO
Soyabeans & products thereof	NO
Milk & products thereof (including Lactose)	NO
Nuts & products thereof	NO
Celery & products thereof (including Celeriac)	NO
Mustard & products thereof	NO
Sesame seeds & products thereof	NO
Sulphur dioxide & sulphites (>10mg/kg SO_2)	NO
Lupin & products thereof	NO
Molluscs & products thereof	NO

Definitions as per the FSA Guidance on allergen management and consumer information (July 2006): Probable – a likely chance of risks occurring. Remote – risks are unlikely to arise but are still possible. Low probability risks should not be ignored and should be managed and eliminated where appropriate

7. Packaging:

Type	Bag
Minimum Weight at packing	25 kg
Material	Paper / Polywoven / Polypropylene / BOPP
Pallet type	Standard one-way pallet
Units per pallet	40 bags (5x8 layers)
Coding	Product name, country of origin Purchase contract number (PCP + several numbers) / CC or V + several numbers) Supplier batch / lot number / production date (optional) Best before date
Shelf life from packing	Minimum 24 months

Shelf life on delivery	Minimum 6 months
Storage conditions	Ambient (<15°C) – In a cool, dry place away from direct sunlight and strong odours

Maximum Durability
This is a shelf stable product and there is generally no food safety concerns associated with the use of this product beyond the recommended best before end date given; however the organoleptic properties may change over time, influenced by the product storage conditions at site. In view of storage conditions at customer premises being beyond the control of Sahara UK Foods, we are unable to extend best before end dates for any product that has been released or delivered 4 weeks prior. In this case it is the customers responsibility to assess the product and any decision taken to use the product beyond its best before date is at the sole discretion of the customer.

8. **Product Suitability:**

Group	Suitability (Yes/No)
Vegetarians	Yes
Vegans	Yes
Coeliac	Yes
Lactose Intolerants	Yes

Agreement of Specification – If no signed copy of this specification is received within 28 days of issue to the Customer, then this will be considered accepted.
