6. Storage Requirements: Store in ambient conditions in the original closed packaging protected from dust, moisture, and light. Once opened, store resealed in the original packaging and keep in a cool, dry place

7. Transportation: Store at ambient room temperature in clean vehicles and otherwise protected from dirt, dust moisture, chemical taints or other materials that may present a risk of contamination. Can be delivered by haulier or express courier dependent on volumes

8. Best Before / Shelf Life: The bulk product has a shelf life of 24 months from the date of manufacture, applied by supplier. Retail-packed pouches are coded 2 months shorter than bulk products used. The shelf life of the product is reliant on it being maintained in its original or properly resealed packaging, stored at ambient temperature in a dry place, and kept away from extremes of heat, cold, or moisture.

9. Warranties / Disclaimers: We hereby certify that the product detailed in this specification is certified organic and non-GMO. Information used in the complement of this specification has been compiled from sources considered to be dependable and is accurate and reliable to the best of our knowledge and belief at the time of authorisation. The information contained herein does not relieve the user of the verification of any limitations of use under existing legislation. Information held within this document should be held with commercial confidence.

10. Allergen Declaration: Free from all allergens or risk of allergen cross-contamination as per Regulation (EU) 1169/2011

Agreement of Specification – If no signed copy of this specification is received within 28 days of issue to the Customer, then this will be considered accepted.
