11. Product Durability

Relevant product is used and traded during the whole year due to its long shelf life. Depending on the storage and packaging conditions and the natural formation of the products they are prone to infestation, moisture reabsorption, colour, texture and taste change due to temperature and relative humidity change during storage & packaging integrity.
The assessment in order to extend the shelf life of product beyond the best before end date declared on the label is at our customers' own shelf life protocol/testing and sole discretion.
Sahara UK Foods Limited. accepts no responsibility or liability resulting from the usage of goods beyond the declared shelf life
