Product Specification – Butterfly Popcorn

1. Product Information:

Item	Description
Product Name	Butterfly Popcorn
Product Code	**SUFL7464**
Grade	Cleaned at origin
Botanical Name	Zea mays Everta
Country of origin	South Africa
Country of Processing	South Africa
GMO Free	We herewith confirm that the product we supply to you has been produced without the use of genetically modified organisms and/or any products derived from such organisms

2. Physical Properties:

Criteria	Maximum Tolerance	Units
Moisture	14.5%	
Count	58 – 62 kernels	Per 10 gms
Expansion	40/42, 42/44, 44/46	1 kernel
Butterfly popping rate	98%	% per weight
Insect damaged	0.1%	% per weight
Broken kernels	0.1%	% per weight
EVM	5	Per 25kg
Stones*	2	Per 25kg
Mudballs	2	Per 25kg
Cereal grains	2	Per 25kg
*stone >2.2mm - could break a tooth, grit <2.2mm - digestible & unlikely to cause any injury		
As a natural product no guarantee of 100% purity can be given. It is the responsibility of the buyer to ensure the specification meets the requirements of the intended application. Should a higher level of purity be required please discuss your requirements as further processing is available within Europe.		
The above information is based on our current state of knowledge and experience following detailed inspections and analysis. The data, however, does not represent a legally binding warranty, as certain variations in colour and/or other values and further quality fluctuations from seasonality, incorrect transportation and/or improper storage outside our sphere of influence cannot be excluded; hence the purchaser is not exempt from undertaking their own tests and investigations.		

** definitions on criteria available on request (this statement only on origins where there is regulated grading standards i.e. Canada - CGC, USA – USDA, Australia - Australia Pulse Standard)

It is the responsibility of the buyer to thoroughly check the product upon receipt of delivery to ensure it complies with specification. For independent best practice guidance on optimum storage conditions and storage pest prevention, please contact our Quality Department (info@saharaukfoods.co.uk).

No complaint will be considered after 14 days from the date of delivery.

3. Chemical Properties:

Criteria	Description
Pesticides and Heavy Metals	We declare that any natural residue and residues from treatment left on the product conforms to the current EU / UK limits for residues. This product is routinely screened for pesticides and heavy metals and is measured against EU / UK regulations.
Mycotoxins	Where applicable, we declare that any natural residue left on the product conforms to the current EU / UK limits for residues. This product is routinely screened and is measured against EU / UK regulations.

4. Microbiological Properties:

Criteria	Values
Yeast	$<10^4$ cfu/g
Mould	$<10^4$ cfu/g
Salmonella spp.	Absent in 25g
E. Coli	<20 cfu/g

These values are provided only as a guidance and should not be taken as an absolute value. They are subject to change.

Within the UK and EU No 2073/2005, microbiological standards are not applicable to dry pulses, cereals and grains due to low moisture content and intended use.

The product shall be further processed before consumption.

Please discuss further if you have specific chain custody requirements.

5. Nutritional Information:

Item	Value (per 100 gram)
Energy	1527 kJ / 365 kcal
Fat	4.74 g
Of which Saturated	0.667 g
Carbohydrates	74.26 g
Of which sugars	0.64 g
Dietary Fibre	7.3 g
Protein	9.42 g
Salt	0.09 g

These values are provided only as a guidance.
Database source:
USDA Database 0014, Corn grain, yellow

Please ensure consumer package labelling complies with UK / EU Regulation 1169/2011 - Food Info to consumer

6. Allergens:

Component	Potential Presence	Comment
Cereals containing gluten (wheat, rye, barley, oats, spelt, kamut)	**No**	
Crustaceans & products thereof	**No**	
Egg & product thereof	**No**

Probable – a likely chance of risks occurring
Remote – risks are unlikely to arise but are still possible. Low probability risks should not be ignored and should be managed and eliminated where appropriate

7. Sensorial Properties:

Appearance	Corn kernels with a hard glossy outer surface
Colour	Yellow
Aroma / Flavour	Characteristics odour and flavour

8. Packaging:

Type	Bag	Bag	Tote
Weight	25kg	22.5kg (50 lbs)	1 mt
Material	Paper / Polywoven / Polypropylene / BOPP	Paper / Polywoven / BOPP	Polywoven
Pallet type	Standard one-way pallet		
Units per pallet	40 bags (5x8 layers)	44 bags	1 Tote
Coding	Product name, country of origin Purchase contract number (PCP + several numbers) / CC or V + several numbers) Supplier batch / lot number / production date (optional) Best before date		
Shelf life from packing	Minimum 24 months		
Shelf life on delivery	Minimum 6 moths		
Storage conditions	Ambient (<15°C) – In a cool, dry place away from direct sunlight and strong odours.		

9. Maximum Durability:

This is a shelf stable product and there is generally no food safety concerns associated with the use of this product beyond the recommended best before end date given; however the organoleptic properties may change over time, influenced by the product storage conditions at site. In view of storage conditions at customer premises being beyond the control of Sahara UK Foods, we are unable to extend best before end dates for any product that has been released or delivered 4 weeks prior. In this case it is the customers responsibility to assess the product and any decision taken to use the product beyond its best before date is at the sole discretion of the customer.

10. Acceptable for:

Vegetarians	Yes
Vegans	Yes

Agreement of Specification – If no signed copy of this specification is received within 28 days of issue to the Customer then this will be considered accepted.
