Product Specification – Kabuli Chickpeas

1. Product Information:

Item	Description
Product Name	Kabuli Chickpeas about 7mm
Product Code	**SUFL7493**
Grade	Cleaned at origin
Botanical Name	Cicer arietinum
Country of Origin	Canada
Country of Processing	Turkey
GMO Free	We herewith confirm that the product we supply to you has been produced without the use of genetically modified organisms and/or any products derived from such organisms in compliance with EU regulation No 1830/2003 and 1829/2003.

2. Organoleptic Properties:

Item	Description
Appearance	Dry, whole, shriveled round pea with a pointed end
Colour	Uniform creamy colour
Aroma / Flavour	Characteristic odour and flavour

3. Physical Properties:

Criteria	Maximum Tolerance
Moisture	14 %
Damaged	1 % per weight
Mechanical damage	2 % per weight
Splits	0.5 % per weight
Stained/Discoloured	0.8 % per weight
Dirty peas	0.2 % per weight
Green immature chickpeas	1 % per weight
Undersized chickpeas	10 % per weight
Contrasting classes	0.1 % per weight
Classes that blend	0.5 % per weight
EVM	5 per 25kg
Stones	1 per 25kg
Mudballls	5 per 25kg
Cereal grains	25 per 25kg
*stone >2.2mm - could break a tooth, grit <2.2mm - digestible & unlikely to cause any injury	

As a natural product no guarantee of 100% purity can be given. It is the responsibility of the buyer to ensure the specification meets the requirements of the intended application. Should a higher level of purity be required please discuss your requirements as further processing is available within Europe.
The above information is based on our current state of knowledge and experience following detailed inspections and analysis. The data, however, does not represent a legally binding warranty, as certain variations in colour and/or other values and further quality fluctuations from seasonality, incorrect transportation and/or improper storage outside our sphere of influence cannot be excluded; hence the purchaser is not exempt from undertaking their own tests and investigations.

**definitions on criteria available on request (this statement only on origins where there is regulated grading standards i.e. Canada - CGC, USA – USDA, Australia - Australia Pulse Standard.

It is the responsibility of the buyer to thoroughly check the product upon receipt of delivery to ensure it complies with specification. For independent best practice guidance on optimum storage conditions and storage pest prevention, please contact our Quality Department

No complaint will be considered after 14 days from the date of delivery.

4. Microbiological Properties:

Criteria	Range
Yeast	$<10^5$ cfu/g
Mould	$<10^5$ cfu/g
Salmonella spp.	Absent in 25g
E. Coli	< 20 cfu/g

These values are provided only as a guidance and should not be taken as an absolute value. They are subject to change.

Within the UK and EU No 2073/2005, microbiological standards are not applicable to dry pulses, cereals and grains due to low moisture content and intended use.
The product shall be further processed before consumption.
Please discuss further if you have specific chain custody requirements.

5. Nutritional Value (per 100g):

Criteria	Value
Energy	1355 kJ / 320 kcal
Fat	5.4 g
Of which saturates	0.5 g
Carbohydrates	49.6 g
Of which sugars	2.6 g
Dietary Fibres	10.7 g
Protein	21.3 g
Salt	0.0975 g

These values are provided only as a guidance.
Database source:
McCance and Widdowson's, The Composition of Foods - "Chickpeas, whole, dried, raw
Please ensure consumer package labelling complies with UK / EU Regulation 1169/2011 - Food Info to consumer

6. Allergens:

Allergen	Potential presence	Comment
Cereals containing gluten (wheat, rye, barley, oats, spelt, kamut)	No	Controlled at <20ppm based on visual admixture search of a representative sample
Crustaceans & products thereof	No	
Egg & products thereof	No	
Fish & products thereof	No	
Peanuts & products thereof	No	
Soyabeans & products thereof	Yes	Remote risk as an agricultural contaminant as per FSA guidelines.

Lupin & products thereof	No	
Molluscs & products thereof	No	

Definitions as per the FSA Guidance on allergen management and consumer information (July 2006):
Probable – a likely chance of risks occurring
Remote – risks are unlikely to arise but are still possible. Low probability risks should not be ignored and should be managed and eliminated where appropriate

7. Product Suitability:

Vegetarians	Yes
Vegans	Yes
Coeliac	Yes
Lactose Intolerants	Yes

8. Packaging:

Type	Bag
Minimum Weight at packing	25 kg
Material	Paper / Polywoven / Polypropylene / BOPP
Compliance	Packaging used complies with Regulation (EC) No 1935/2004
Pallet type	Standard one-way pallet
Units per pallet	40 bags (5x8 layers)
Coding	Product name, country of origin Purchase contract number (PCP + several numbers) / CC or V + several numbers) Supplier batch / lot number / production date (optional) Best before date
Shelf life from packing	Minimum 24 months
Shelf life on delivery	Minimum 6 months
Storage conditions	Ambient (<15°C) – In a cool, dry place away from direct sunlight and strong odours

Maximum Durability

This is a shelf stable product and there is generally no food safety concerns associated with the use of this product beyond the recommended best before end date given; however the organoleptic properties may change over time, influenced by the product storage conditions at site. In view of storage conditions at customer premises being beyond the control of Sahara UK Foods, we are unable to extend best before end dates for any product that has been released or delivered 4 weeks prior. In this case it is the customers responsibility to assess the product and any decision taken to use the product beyond its best before date is at the sole discretion of the customer.

Contaminant Standards

We declare that any natural residue and residues from treatment on the product conform to the current EU / UK limits.
This product is routinely screened for pesticides and contaminants against the UK Pesticides Regulations including amendments, The UK Contaminants in Food regulation including amendments, EU 2023/915 including amendments, and EU Regulation EC 396/2005 including amendments. Limits checked are for general food use.

Agreement of Specification – If no signed copy of this specification is received within 28 days of issue to the Customer then this will be considered accepted.
